**To Whom It May Concern**

After speaking with Kerryn to see if she could come and speak to our students I understood that her genuine goal is to keep them from harm and grief. Kerryn can talk the talk because she has walked the walk! Our students received and understood the message loud and clear, “Don’t do drugs!”

Kerryn’s presentation is delivered in a discerning manner and our students showed that they were taking it in by the dialogue during the question and answer time at the end. Our Vcal teachers are purchasing a class set of Kerryn’s book “Out Of The Darkness” so that they can use it as part of the course!

Kerryn’s pricing definitely makes this excellent value, shows that she’s not in it for the money and that her heart is to get her message out! Keep up your great work Kerryn.
