

Hey Kerryn,

Once again I just want to reiterate how amazing and impacting your presentation is.

I have had the privilege of being present during your delivery a few times and with every time it remains inspiring and I am always able to take something new from it.

However, most importantly, it is the students who benefit from your engaging presentation the most, providing them with a valuable message that will hopefully stay with them.

I'm sure your remarkable story influences and affects them in a way that only an experience like yours could!

Thanks again Kerryn, you're truly an example of great strength and I commend you for having the courage and drive to embark on this important mission.
